

# Lifelong Literacy

## Key Programs

The following chart is a visual guide to Lifelong Literacy's five key online programs:

- Language Arts
- Spelling for Life
- Language for Life
- Writing for Life
- Reading for Life

Subject areas are listed in the first column. If they are covered in the program in depth, this is indicated with a magnifying glass symbol like so: 🔍

If they are alluded to within the program but not covered in depth, this is indicated with a check mark like so: ✓

Blank boxes do not necessarily mean that the course makes no mention of the subject area at all, since each one is linked to the other in some way. However, magnifying glasses and check marks indicate a greater focus.

Subject area	Language Arts	Spelling for Life	Language for Life	Reading for Life	Writing for Life
